

# SP

## A Charge-And-Play Mobile Gaming Experience

The ergonomic L-shaped design on this 60W cable promotes a comfortable charge-and-play mobile gaming experience. It fits perfectly well with hand placements to play games and keep battery levels up at the same time. Plus, the case-friendly design allows most mobile devices to be recharged without needing to remove the case.

## Reliable Strength From Meticulous Design

The flexible edge reinforces 22 AWG cable wires insulated by an electric current, offering better protection from damage by safety bending and releasing tension from the cable wires. The PET braided material prevents tearing and fraying from everyday use. In fact, it provides ultra-durable strength with abrasion and tear resistance of 30,000 times.

# Swift Speed, Durable Design

Sync & Charge Cable

## Boost Link LK50CC/LK50CL

### Features

- 22 AWG cable supports output power up to 60W (5A/12V) wired charging experience
- Sync and charge with high-speed data rate up to 480Mbps
- L-shaped design provides a more comfortable fit for charge and play mobile gaming experience
- PET braided material provides ultra-durable strength with abrasion and tear rating of 30,000 times

- Flexible edges, insulated by electric current on the L-shaped edge offers better protection from direct or indirect damage by safety bending and releasing tension from the cable wires
- Case-friendly design enables it to connect to most mobile devices without needing to remove the case
- 10mm (3.9") length rubber footpad application
- Includes a durable mini convenient storage

### Specifications

#### USB Type-C to USB Type-C

- Total Power Output: up to 60W (5A/12V)
- Output: USB Type-C (50W/5A) / (20W/2A) / (15W/3A) / (12W/1.5A)
- Length: 1.8m (5.9')
- Weight: 20g
- Material: PET Braided
- Color: Grey
- Available features: Output Type-C
- Available features: Input Type-C
- Certified with: USB-IF, AACS, RoHS, REACH, CE, FCC, WEEE
- Warranty: 12 months, 24 months (EU)

#### USB Type-C to Lightning

- Total Power Output: up to 60W (5A/12V)
- Output: Lightning (20W/2A) / (15W/3A) / (12W/1.5A)
- Length: 1.8m (5.9')
- Weight: 20g
- Material: PET Braided
- Color: Grey
- Available features: Output Lightning
- Available features: Input Type-C
- Certified with: USB-IF, AACS, RoHS, REACH, CE, FCC, WEEE
- Warranty: 12 months, 24 months (EU)
